## Evacuation Procedures for all persons and movable critical resources

- Unit standard: 254217
- NQF Level: 3
- Credits: 3
- Course Duration: 1 Day
- Venue: On-Site or at the FBT Assessment Centre
- Training Intervals: 2 Years

## PURPOSE OF THE UNIT STANDARD

The qualifying learner achieving this unit standard will be able to effectively evacuate and account for all applicable parties and movable critical resources/effects rescued from the risk-environment. In addition, the learner will be able to identify and report any probable ill effects resulting from the cause of the risk.

## THE QUALIFYING LEARNER WILL BE CAPABLE TO

- Demonstrate procedures, equipment and actions for an effective and efficient evacuation.
- Account for all parties and critical resources evacuated.
- Report on evacuation procedure.

## WHAT IS AN EVACUATION?

The act of moving people from a dangerous place to somewhere safe. Once you have assessed the potential dangers and possible courses of action, you must formulate specific procedures for dealing with each type of emergency.

## LEGISLATION

Various regulations which are part of the OHS Act directs the employer to ensure that the necessary steps are taken to ensure proper fire-fighting equipment is provided and measures are put in place for emergency purposes, including evacuation procedures.

Noncompliance with the OHS Act and the Regulations may lead to huge fines and imprisonment (check sections on offences and penalties).
